ANJEMIKE G. GALTAC BSCS II

WEBSITE DEVELOPMENT LIFE CYCLE

1. STRATEGY AND PLANNING

OBJECTIVE
        I aim to develop my personal website and share it to the users or audience

SCOPE AND PLANNING
        I will gather more information about my website it is all about music content it includes more information about instruments.

TECHNOLOGY STACK SELECTION
        I use HTML only

TARGET AUDIENCE
        My target to my audience my website is functional and one of my ways is how the audience determine through social media platforms and also the audience who want to know more about Instrument and how they improve their ability in musical instruments.

2. DESIGN AND USER EXPERIENCE
